

EXECUTIVE BOARD MEETING REPORT

Since COVID-19 has dominated our lives in every way, your Local Executive Board has continued to meet and maintain the daily operations and business of Local 88. Usually each month we would report out at the General Membership meeting what's business has transpired and get the membership approval for any costs related to our operations. Again, because COVID-19 General Membership meetings have been canceled. The Executive has agreed to cancel August's meeting and will inform you of any further cancellations.

Local 88 has always attempted to be involved and active with the Ingersoll community, that can be achieved several ways, making a donation to the charitable organization is always appreciated. Big Brothers Big Sisters (BBBS) of Oxford County is an organization Local 88 has donated to over the years, the work they do touched many lives but in particular the youth of Oxford County benefits from their services. A few months ago, BBBS approached us for a different type of fund raiser, since COVID-19 rules would not allow their yearly event. BBBS has created a booklet called BBBS Rally for Restaurants for \$20 you can purchase a booklet of coupons for restaurants in the Oxford County. Since Local 88 made a generous donation BBBS gave of 4 booklets to enjoy those restaurants in the area. We have randomly pick 4 names from members of Local 88 and the following 4 will receive a booklet. Anyone else looking to purchase a booklet can contact BBBS from the poster attached to this report.

1. Dave Brommer
2. Renata Abos
3. Corry Blackall
4. Kimberley Gee

The next topic is a very sad event that occurred downtown Ingersoll on July 31st as a result of a tragic accident. An Ingersoll young mother of 3, Ashten Elizabeth Hogg (Fick) was struck and killed by a transport as she crossed the street at a major intersection downtown. Many concerns members have phoned asking if our Local 88 could help out the children and family financially. Local 88 has passed two \$500 donations that will help the children and family financially to deal with the tragic event. Cycle of Life will receive \$500 to help the family to help pay for the graves marker and any other expenses related to Ashten's untimely passing. CIBC has set up an trust account for Ashten's children, Brooklynn, Areiyah and Elijah and another \$500 will be donated that trust account.
