Department:
HR/LR

As GM continues to manage the global semi-conductor shortage, the company has made the following decisions:

- All CAMI Assembly production team members will remain on temporary layoff
- All CAMI Assembly maintenance team members including Powerhouse Operators are scheduled to work the week of February 15, 2021, except for those maintenance team members who elect to take a voluntary layoff

We will regularly review our schedule and will provide an update in mid-March. These updates will be shared using the following channels:

- The Plant Facebook page – www.facebook.com/groups/CAMIAssembly
- The CAMI Plant Portal – www.gmcamiassembly.ca
- Plant Hotline - 226-825-8800
- Unifor Local 88 – www.unifor88.ca

Our intent is to make up as much lost production as possible. During the downtime, please be safe and follow COVID-19 protocols. You can stay connected to important plant and GM news by following the CAMI Assembly Facebook page.
