Subject:
Update - Notice of Temporary Layoff February 8 – 13,
2021

To:
All GM CAMI Assembly Hourly Team Members

Department:
All

Date:
February 5, 2021

From:
HR/LR

Department:
HR/LR

Please be advised of the following revisions to the notice of temporary layoff announcement issued on February 3, 2021:

- All production team members will be on temporary layoff from February 8 to February 13, 2021
- Maintenance team members including Powerhouse Operators are scheduled to work the week of February 8, 2021, except for those maintenance team members who have elected to take a voluntary layoff

Any production team member on an approved full week Leave of Absence or who has a full week of scheduled vacation during the layoff period are excluded from the layoff.

At this time laid off team members, excluding those who are scheduled to remain on layoff until May 2, 2021, are scheduled to return to work on Monday, February 15, 2021.

The possibility exists that this temporary layoff will be extended if the parts shortage remains. Because of this, it is the responsibility of the laid off team member to check these sources for updates before returning to work:
