

INFORMATION PAGE

Retirement incentive deadline – February 26, 12 noon. Once the deadline passed your application is locked in. You must come to the plant and sign your name to submit your final application. There will be someone at the plant on day shift from ER and the Union to help you register for this program.

Defined Contribution Plan – to register call Mitchell Matthews

February 2021 Layoff

The upcoming plant layoff is a normal layoff, due to a shortage of work (Parts shortage).

- Anyone that has an open claim and is continuing to report can just report as they normally do.
- If you either stopped reporting or stopped your claim (started full time work), please complete a new EI application. It will re-activate your claim.
- If you haven't taken a layoff week since our return or do not have an open claim, please complete a new EI application.
- There is **no** reference code and ROE's will be done by the company.

Please note the one (1) week waiting period is being waived by Service Canada from Feb 2021 until Sept 2021. So, you will not have to do a waiting period on a brand-new claim.

**DO NOT REPORT YOUR
PRODUCTIVITY AND QUALITY BONUS
WHILE FILING YOUR EI CLAIM**
