CAMI Assembly Team:

Today GM is announcing we will resume production at CAMI Assembly:

- **June 7 (Maintenance Only)**
- **June 14 through July 1 (Production and Maintenance)**

All **Maintenance** team members will be required to report to work on **Monday, June 7,**

- All 3 shifts will resume, maintenance team members will be contacted by their department regarding shift assignments for their return to work
- Maintenance team members may be canvassed to work overtime on Sunday, June 6, by their department

All **Production** team members will be required to report to their regularly scheduled shift on **Monday, June 14,**

- A Shift will report to dayshift at 7:00 a.m. to 3:00 p.m.
- B Shift will report to afternoon shift at 3:00 p.m. to 11:00 p.m.
- Production team members may be canvassed to work overtime on Sunday, June 13, by their department

The plant summer shutdown remains scheduled for the weeks of,

- July 5, 2021 and
- July 12, 2021

As the situation continues to evolve, we will continue to communicate often to keep you informed of the production schedule following the summer shutdown. We will provide regular updates on the impact to our plant using the following tools:

- The Plant Facebook page – www.facebook.com/groups/CAMIAssembly
- The CAMI Plant Portal – www.gmcamiassembly.ca
- Plant Hotline - 226-825-8800
- Unifor Local 88 – www.unifor88.ca

Please know that we are doing everything possible to manage this situation and minimize the impact to our team members and our customers. Thank you for your support as we manage this situation together.
