ATTENTION CANDIDATES

The company has brought it to our attention that some candidates are campaigning during work hours when the line is running and distributing flyers in spots that are not set out in the campaign guidelines.

Candidates are NOT permitted to campaign at any work station in the plant during production. Campaigning at another team members work station while they are working is distracting and could lead to safety or quality issues.

Campaign materials are to be posted ONLY in team break areas and shall be removed by the participants on their own time and within 48 hours after the election results are posted.

FAILURE TO COMPLY WITH THE ABOVE GUIDELINES MAY MEAN DISQUALIFICATION FROM THE ELECTION PROCESS.

If candidates continue to not follow the campaign guidelines the company can abolish flyers altogether in the plant. As the Election Committee we do not want to see this happen as we want to keep things fair for everyone that wants to participate in the election process.

In Solidarity,
