

Start a path in the skilled trades

Try-A-Trade Pre-Apprenticeship

Explore Your Options in the Trades

The Try-A-Trade Pre-Apprenticeship program gives you hands-on experience in welding, carpentry and electrical so you can identify which trade is right for you.

Build real skills, gain confidence and explore your options in a safe and supportive environment.

What you'll gain:

- Hands-on training in on-demand skills
- Industry-recognized safety certifications
- Job readiness and employability training
- A 10-week **paid** work placement

Woodstock/Oxford Regional Campus
